# ULTIMATE JANITORIAL & HANDCARE GUIDE

THE PROFESSIONALS' CHOICE

# DELIVERING MARKET LEADING CLEANING PRODUCTS TO MAKE YOUR LIFE EASIER

Since 1979, Autosmart has created products that clean more quickly, effectively and efficiently. Today, we lead the field as the UK and Ireland's largest manufacturer and distributor of professional vehicle and food processing cleaning products for trade customers.

No other company has such capacity and expertise. For instance, we currently clean over 50% of the UK's new cars. By leading the way in the sector, we have unique knowledge and expertise of specialist cleaning chemicals and processes.

Our products are manufactured in-house by an enthusiastic team of chemists and specialist experts. Our customers are a wide range of businesses in automotive, haulage, agricultural, food, plant hire and construction. And we're proud they rate us 'Five Star – Excellent' on Trustpilot.

Our network of 155+ mobile supermarkets visits customers regularly – bringing our full range of 300 products on every van for immediate delivery with no minimum orders (our unique detergent top-up system means buying only as much as needed). Each franchisee offers expert advice, support and service – together, meeting nearly 5,000 customers every working day.

We're driving a recycling revolution and a safer work culture, too. Use of hazardous materials reduced by 90% and our refillable Barrels for Life save nearly 75 million wasted plastic bottles per year. Not to mention only using 'green' electrical energy since 2012.

**By exceeding expectations, it's no wonder we're the market leader...**

# COVID-19 CORONAVIRUS TECHNICAL ADVICE

## HANDWASHING, SURFACE CLEANING AND DISINFECTION

### HAND WASHING

Good Hand washing is and remains the first line of defence against spreading Coronavirus.

Hand washing with soap is better than alcohol sanitisers, which should only be used if water is not available. Medicated or biocidal hand cleaners are no more effective than normal soaps i.e. Hand and Body Soap as effective as Handcleanser AB.

You should wash your hands for at least 20 seconds with warm water.

Recommended Autosmart Products:-

- Hand and Body Soap
- Handcleanser AB – (Note :- the bactericide in product is NOT effective against Coronavirus)
- Alcohol Hand Sanitiser

### HARD SURFACE CLEANING

In high risk areas, best practice is to use a 2 stage clean / disinfect process.

Detailed below are the processes and Autosmart products which should be recommended to achieve the best results.

If a disinfectant is not available then cleaning alone has significant benefits.

The cell wall or “Skin” of the Corona Virus is a lipid i.e. it is similar to oils and fats. This means that alkaline products that break down fats, oil and grease also have the potential to kill the virus.

Scrubbing the surface also helps, as the mechanical action can further break down the cell wall and remove any stubborn grime that could harbour the virus.

After scrubbing the surface, rinse or wipe over the surface with a damp cloth to remove residue. Then dispose of the cloth.

Recommended Autosmart Products (to be used as per label instructions)

- G101
- Biocidal cleaner

### DISINFECTION

Smartsan V is our recommended product.

Bleach is effective as a surface disinfection agent. Use at a dilution of 1:40.

Note: Do not store diluted bleach solutions as they slowly become less active over time.

Recommended Autosmart Product:-

- Bleach (dilution 1:40)

**Note:** Standard disinfectants with low cleaning properties will not be effective as disinfection agents (although they are OK for precautionary cleaning, for areas where there have been no confirmed cases), so the following products will not be effective against Coronavirus and should not be recommended:-

- Quattro (use at 1:100)
- Pine Disinfectant (use at 1:10)

# JANITORIAL

## 20/20

Price: \_\_\_\_\_

An aerosol glass cleaner that is quick and easy to use. Perfect for removing dirt, insect squash and traffic film, leaving a smear free, squeaky clean finish. Both foam and clear versions available. Ammonia free.

## Autofresh

Price: \_\_\_\_\_

A variety of pleasant, long-lasting fragrances to eliminate stale odours. Available in bulk or aerosol.

## Bio Brisk

Price: \_\_\_\_\_

A specialist biological cleaner and deodouriser. Bio Brisk digests soiling such as grease, oil, protein and fat. Ideal for fabrics or carpets, blocked sinks and drains. Safely removes all biological soiling and odours including milk, blood, urine and vomit. It is also very effective on nicotine odours.

## Blast

Price: \_\_\_\_\_

Powerful aerosol air freshener, with a unique high discharge nozzle. Blast combats malodours and quickly adds a long-lasting freshness to a vehicle or room. Blast is particularly suitable for use in large rooms and spaces. Available in a wide variety of fragrances.

## Bleach

Price: \_\_\_\_\_

Industrial strength, hypochlorite based bleach. Powerful germicide which will kill most known germs. An effective sanitiser, its regular use will prevent bad odours.

## Brisk and Brisk Low Foam

Price: \_\_\_\_\_

Luxury upholstery and fabric shampoo, containing fabric brighteners and conditioners to restore appearance and leave a 'fresh' smell. Available in aerosol or bulk for manual or machine use.

## Glass Clear

Price: \_\_\_\_\_

High quality, sprayable glass cleaner, which is the fastest way to clean glass. Ammonia free.

## Multifresh

Price: \_\_\_\_\_

Excellent cleaner & re-odouriser with a great fragrance. Suitable for use on most hard and soft surfaces & perfect for areas that you want to leave smelling fresh. Biodegradable and solvent free.

## Pan Dandy

Price: \_\_\_\_\_

A highly concentrated washing up liquid. Highly effective in cutting through grease and dried-on food residues, whilst remaining kind to hands.

## Sentry

Price: \_\_\_\_\_

Sentry is a powerful all-purpose washroom cleaner, which cleans sink, tap and tile and toilet areas. It is perfect for urinals, wash basins, tiles and stainless troughs. Safe for use on stainless steel, Sentry effectively removes limescale, leaving fittings sparkling clean.

## Stardust

Price: \_\_\_\_\_

Aerosol polish and dressing, ideal for paintwork, chrome, glass and wood laminates. Excellent for quickly removing fingerprints from vehicles or polishing desks in the showroom.

## FLOORS

### Coach Clean and Citrus Coach Clean

Price: \_\_\_\_\_

Buffable floor cleaner available in pine or tangy citrus fragrance. Suitable for all types of flooring throughout offices, showrooms, washrooms and work areas. After application, Coach Clean can be buffed to a non-slip shine.

### Floorsmart Cleanse

Price: \_\_\_\_\_

A heavy duty, low foam degreaser designed for machine use but which can also be pre-sprayed. On heavily soiled areas and for everyday cleaning, Floorsmart Cleanse performs where other detergents fail, cutting effortlessly through grease.

### G101

Price: \_\_\_\_\_

An excellent multi-purpose floor cleaner. Especially effective on hard surfaces, painted surfaces and any area where heavy grease is a problem.

### Multifresh

Price: \_\_\_\_\_

Excellent cleaner & re-odouriser with a great fragrance. Suitable for use on most floor surfaces. Leaves floors smelling fresh. Biodegradable and solvent free.

### Plus 10

Price: \_\_\_\_\_

Solvent degreaser for very greasy floors. Can be used to pre-treat concrete floors before painting or sealing. Emulsifiable with water for easy rinsing.

### Promenade

Price: \_\_\_\_\_

A floor sealer/polish for use on plastic and decorative floor coverings, leaving a bright, non-slip, non-yellowing shine, which is resistant to scuffs and scratches.

### Treble X

Price: \_\_\_\_\_

An acid cleaner, designed to etch prime bare concrete, prior to painting or sealing, to ensure a good bond.

## DISINFECTANTS & SANITISERS

### Biocidal Cleaner

Price: \_\_\_\_\_

An alkaline detergent and sanitiser tested to BS1276 and BS1650 (yeast). Biocidal Cleaner effectively removes food residues and disinfects in one application. Biocidal Cleaner can be used manually or applied using a foam lance, high pressure washer or spray.

### Pine Disinfectant

Price: \_\_\_\_\_

Industrial strength disinfectant, effective against most common organisms. Economical in use.

### Quattro

Price: \_\_\_\_\_

A non tainting QAC based terminal disinfectant that is tested to BS1276 and BS1650 (yeast). Quattro can also be used as a spray and wipe, in light duty applications. Quattro is also suitable for use as a bootwash.

### Smartsan V Disinfectant

Price: \_\_\_\_\_

A non-staining broad spectrum viricide and sanitiser that is effective against a wide range of pathogenic viruses, bacteria, yeast and fungi. Smartsan V is ideal for remedial disinfection or as part of a regular cleaning or infection control program.

# SMARTHANDS

## SKIN CARE

Smarthands is a total skincare system specifically designed for the demands of Automotive and Transport industries.

**Smarthands delivers the ultimate in performance, value and hygiene.**

### Colour Off

Price: \_\_\_\_\_

Powerful hand cleaner for removing paints, inks and adhesives. Free from harmful solvents and contains soft scrub particles to remove ingrained soiling.

### Extra Hands

Price: \_\_\_\_\_

Powerful heavy-duty hand cleaner, with a really great fragrance, which is lanolin free and contains a natural mineral scrub. Used in conjunction with Autosmart's unique dispenser system, it is the ideal heavy duty cleaner.

### Hand & Body Soap

Price: \_\_\_\_\_

A gentle, non-allergenic liquid soap, which conditions and moisturises skin as it cleans. Solvent free.

### Hand Cleanser AB

Price: \_\_\_\_\_

A combined hand cleaner and moisturiser with skin balanced pH. Its gentle non-allergenic formula is effective against salmonella and listeria. Non-tainting and odourless.

### Hand Sanitiser

Price: \_\_\_\_\_

Alcohol based gel that quickly kills pathogenic bacteria and viruses. Evaporates to dryness and does not require rinsing. Contains conditioners to keep the skin supple.

### Superhands

Price: \_\_\_\_\_

A 2-in-1 pre-work and after-work cream with a quick drying, non-greasy formulation. Used as a pre-work barrier cream, Superhands protects against detergents, oils and solvents. Used after work, Superhands contains emollients to help keep skin smooth and moisturised.

## HANDCARE DISPENSER SOLUTIONS

**Hygiene & Convenience**  
 We have a wide range of handcare dispensing systems to suit all needs. Ask your Autosmart Franchisee for further details.

## 4 STEPS TO HAND CARE

### 1. PROTECT

Apply the barrier cream to clean skin prior to work.  
 Re-apply when needed.  
 Product available:

- Superhands

### 2. CLEANSE

Apply hand cleaner to thoroughly loosen soil. Add water and continue to clean. Rinse and dry hands.  
 Use of nail brush will maintain clean cuticle beds and nails.  
 Products available:

- Colour Off
- Hand Cleanser AB
- Extra Hands
- Hand & Body Soap

### 3. CARE

Apply after work cream to skin and rub in well. Product available:

- Superhands

### 4. SANITISE

Used in food preparation. Thoroughly rub into hands, paying particular attention to cuticles, in between fingers and creases in the skin. Allow to evaporate naturally until skin is dry.  
 Product available:

- Hand Sanitiser

WE VISIT  
**5000**  
CUSTOMERS  
EVERY  
WORKING DAY

Our national network of 155+ mobile showrooms delivers excellent service to all of our customers. We are experts in our field and are able to advise and support your team, to ensure that you get the best out of our products. We will visit you regularly, giving you the opportunity to replenish your stocks and to show you what's new. Each vehicle carries a full stock of Autosmart products to let you try before you buy and take immediate delivery, with no minimum order or delivery charge.

WE'RE DRIVING  
A **RECYCLING**  
REVOLUTION  
AND A **SAFER**  
WORK CULTURE  
WITHIN OUR INDUSTRY

Our Barrel For Life campaign is a unique dilution system that enables us to refill your barrel with the exact amount of product that you need. Not only does this keep your costs under your control but it also helps reduce the amount of plastic waste reaching our environment – about the equivalent of 900 bottles with every refill and on top of this, it helps improve the health and safety of your staff.
